

## Inkaterra Reserva Amazonica 3 Days / 2 Nights

Witness the enchanting transformation from day to night as animals and birds of the daytime are replaced by species specially adapted to the night. See nightjars, owls, capybara and caiman, and learn about their habits as you share their paradise. On a clear night, the stars of the southern hemisphere seem to stretch on forever against the deep black sky. Not adventurous enough? Walk through the treetops along suspension bridges that link eight observation platforms. Enjoy landscapes and vistas that would be unimaginable from below, while on the lookout for giant strangler fig trees, orchids, toucans, woodpeckers, trogons and—with luck—monkeys or sloths.

The itinerary below is just a recommendation. You may choose from the 14 different excursions available at Inkaterra Reserva Amazonica.

### Pricing

Occupancy Type	Superior	Superior Rio	Suite Amazonica	Suite Tambopata

### Itinerary

#### Day 1

Arrival in Puerto Maldonado. Visit the Inkaterra Butterfly House near the airport, then check in at Inkaterra Reserva Amazonica lodge. Begin to experience the enchantment of the rainforest, as you take a 45-minute boat ride along the Madre de Dios River. Settle into your beautiful cabaña and enjoy your lunch in the dining room. Choose from the 14 different excursions available at the Inkaterra lodge. On your first day, we

recommend a guided walk along the trail system, into the Inkaterra Reserva Amazonica natural area, where you will discover the Amazon Basin. This trail offers an excellent introduction to the forest environment, winding past impressive trees such as the very tall kapok, and the strangely beautiful strangler fig, offering excellent opportunities for bird watching and observing exotic insects. We recommend on the first night our Twilight River excursion—a guided afternoon boat ride downriver from the Inkaterra lodge. Witness the transformation from day to night: animals and birds of the daytime give way to species specially adapted to the night. As you enjoy their paradise, you will learn about their habits, while you search for nightjars, owls, capybaras and big caiman. Enjoy cocktails before dinner, served in the main dining room from 7:30 to 9:30 p.m. After dinner, you may retire early to your own cabaña, or join us to talk about the experience of life in the rainforest, as you listen to the intriguing sounds of the jungle at night.

## Day 2

Breakfast begins at 5:30 a.m., for those who want to avoid the heat and enjoy nature at its fullest. A full buffet breakfast is served from 7 to 9:30 a.m. This morning, you may visit the Sandoval Lake excursion into the Tambopata National Reserve. Glide in a wooden canoe, across a beautiful, mirror-like oxbow lake that is home to the endangered giant river otter, as well as red howler monkeys, red-bellied macaws, anacondas, point-tailed palm creepers and side-neck turtles. Return to the Inkaterra lodge for lunch. After lunch, consider visiting the remarkable Inkaterra Canopy. Ascending the first tower, 29 meters above the forest ground, you begin your encounter with the treetop realm. For more than a quarter of a mile, you will literally walk through the rainforest canopy on a suspension bridge network linking eight observation platforms. During this hour-and-a-half expedition, be on the lookout for bright toucans, woodpeckers, trogons, monkeys and the three-toed sloth. If you wish, you may extend your excursion and appreciate the sunset from one of the towers. Once at the lodge, enjoy a cocktail in the main dining room or during the daily nature presentation in the Ecomedia Center. Dinner starts at 7:30 p.m.

## Day 3

Enjoy breakfast before departure. A 45-minute return trip by boat on the Madre de Dios River takes you to Puerto Maldonado.
